Brainstorm & Idea Prioritization Template:

Brainstorming provides a free and open environment that encourages everyone within a team to participate in the creative thinking process that leads to problem solving. Prioritizing volume over value, out-of-the-box ideas are welcome and built upon, and all participants are encouraged to collaborate, helping each other develop a rich amount of creative solutions.

Step-1: Team Gathering, Collaboration and Select the Problem Statement

The team met to discuss the difficulties faced by patients, doctors, and clinics in managing appointments. Problems identified include long waiting hours, poor scheduling, repetitive manual booking, and lack of real-time availability.

The chosen problem statement:

“Patients experience delays and inconvenience due to manual and inefficient doctor appointment booking systems.”
